The action starts in a home where your mom and dad are frantically trying to stop the invasion. As it escalates, you are forced to choose whether to help out your parents, or join the invading force to defend Earth. Gameplay The original Intellivision version had two-player co-operative play mode with a single Intellivision II using Intellivision II as the AV cart. The Intellivision version is fully playable using Intellivision III through boot-up of an intellivision III; however, to reduce the time spent booting up, the game can be played using the on-screen cursor keys for movement. Although the game was originally released for the Intellivision, it was later released for several other systems including the Atari 2600, Commodore 64, ColecoVision, and the Atari 7800. A Deluxe Edition was released by Activision in 1995 which added two new levels and two new bonus screens for a total of 15. On September 15, 2011, Activision released a special edition of the game for Xbox Live Arcade and PlayStation Network. The game has multiplayer that lets players use two consoles, and is playable on both the Intellivision III and Intellivision III XL, along with the original Intellivision version. The Intellivision III XL provides higher resolution graphics. Reception Intellivision version Computer Gaming World described the Intellivision version as being "well-executed" with "crisp graphics" and "a captivating story". In a retrospective review, GameSpy noted the game's "brilliant" two-player co-op mode, "excellent" gameplay, and "exhilarating gameplay". ColecoVision version In 1991, Coleco released a version for the ColecoVision. It was well received and GameSpot gave it a score of 7.5.
