Do you need to build relationships with the CEOs of the companies who are producing the power? Come to the Power Marketing Association's National Energy Marketing Conference. In this unique effort to build your business relationships, you will gain access to the CEOs of the companies in the electric power industry. You'll hear the CEOs' thoughts on the state of the industry, the challenges they face and how they are meeting these challenges. I'm sending you to: Power Marketing Association 1020 - 5th Street, NW Washington, DC 20005 Brought to you by: Wachovia Securities www.wachoviascurities.com It's time to find a real competitive advantage. Discover the secrets to increasing profitability in this industry. As a result of the deregulation of the industry, the electric power business has never been more competitive. Companies large and small are competing to be the best at production, transmission, distribution, retail and wholesale. We will help you make the competition irrelevant, learn the keys to differentiating your organization, and develop the skills to end your competition. Click here to receive more information on the conference and on the upcoming presentations, including the current NEM Top 25.
