One of the most critical factors that a marketing professional can incorporate into their process is flexibility. When faced with the uncertain future of any company or industry, the idea of social marketing can be a very tempting and appealing one. In fact, social marketing may be the one aspect of marketing that is most misunderstood. In the case of social marketing, the uncertain future of any company or industry is the ultimate chicken-or-egg question. What came first: the market or the concept of social marketing? How could one refute a market so basic? Is a market a concept or an idea? Perhaps the late, great Steve Jobs was right when he said that a market is “what you measure.” In other words, if we
