Hotel Invoice Template With Registration Code [Mac/Win]

The header of your invoice template can contain your company information, the name of the customer and sales representative, the hotel name, the date and the content. Next to the header you can define an area to put the detailed hotel invoice. Inside this area the fields to fill out are listed and there are also default values you can overwrite. The area to fill in the details is separated for

each document, making it easier to navigate around. With this Invoice Template Free for Mac you can easily create invoices for your small hotel or motel. The invoice template for hotel and motel invoices is completely customizable. You can replace the watermark and the logo image, the header as well as the table of contents, the image of the detailed hotel invoice and more.
