reliasoftsynthesis10229.com/es/es-pl/es-pl-migrate-to-es-pl-2/ In this article, I will talk about how to set up and migrate to a new version of the 1C: Enterprise 8.3 platform (for 8.3 and older) using the example of the ERP system "FIREPLACE: Payroll. Version 3.0" edition 2.0. This is a rather laborious process that requires adjustment in a number of processes at the enterprise. But, if you follow the instructions and recommendations, you can do it completely on your own, even if you are new to the 1C: Enterprise 8.3 (and older) configuration.
