
RaceRender 3 Ultimate 38

October 20, 2564 BC. 38. Appendix A DashWare. Make sure the display on the camera shows the correct time. When the camera starts taking a picture, the display starts showing the time. While RaceRender is running when the camera is on, the display may not work, but you will find that the time is displayed when the camera is off. To change the time, select the desired item in the Edit window, then select the Change command from the File menu. Select the Time command. A window will appear asking if you want to change the time. To change it, select Yes.
