FAQ

PC Tools Simple Backup Torrent Download is an easy to use program which will protect the files on your back up drive with file level permissions, allowing you to add read/write access to users, groups or all users, whilst maintaining the security of your data. Files are backed up as individual files or in compressed archives. PC Tools Simple Backup will automatically create backup logfiles which contain information on what has been backed up and backed up when the backup is completed. These logfiles can be created in text, HTML or RTF formats. PC Tools Simple Backup does not use a CD/DVD so no blank media is required. PC Tools Simple Backup also includes the unique IntelliSave feature which allows you to use your back up drive to store other data including podcasts, movies and music files. PC Tools Simple Backup dynamically adjusts the amount of space used for back ups as you add or remove files, ensuring that you always have a complete back up of your system. PC Tools Simple Backup Description: PC Tools Simple Backup is an easy to use program which will protect the files on

your back up drive with file level permissions, allowing you to add read/write access to users, groups or all users, whilst maintaining the security of your data. Files are backed up as individual files or in compressed archives. PC Tools Simple Backup will automatically create backup logfiles which contain information on what has been backed up and backed up when the backup is completed. These logfiles can be created in text, HTML or RTF formats. PC Tools Simple Backup does not use a CD/DVD so no blank media is required. PC Tools Simple Backup: PC Tools Simple Backup - Description: You do not need a blank CD/DVD to use PC Tools Simple Backup, it runs completely from your USB drive. This software will give you a simple to use tool to back up, restore and maintain your computer files. - The easiest way to back up. perform any manual backup yourself. The PC Tools Simple Backup utility is controlled by Windows and relies on the operating system to perform the back ups. This means that if your computer is turned off while the utility is running, PC Tools Simple Backup will continue to back up your system. 10. Network backup. PC Tools Simple Backup allows you to backup your system over a network or Internet connection. This gives you the freedom

What's New in the?

PC Tools Backup and Recovery Deluxe is the essential tool for working with your computer on a daily basis. Use it to protect your data and business software and to restore your computer in case of damage or file loss. The program features IntelliRecovery, an innovative technology that lets you recover lost files, documents, folders, applications and system settings. You can also use IntelliRecovery to create an instant "restore point", saving you valuable time and hassle. You'll also enjoy the added convenience of the "Go-back" feature that allows you to restore the computer to a previous,

normal state. This ensures that, no matter what you do, your files and folders remain safe and sound. PC Tools Backup and Recovery Deluxe also protects your important files with the "Recovery Vault" feature. This allows you to automatically create a backup of your documents and recover them in case of accidental deletion or loss. A "System Information" panel gives you detailed information about your computer, such as hard drive space and system speed. And for added convenience, you can run scheduled backups, which are stored in the program's database, so you can use the "Backup and Restore" feature without being in front of your computer. # Retail CDs are limited to 25 per customer. # Quantities are limited. # You must order online to receive your CDN discount. # Your CDN Account Number must be on your invoice for the discount to be applied. # Discount is not offered to CDN retail partners. # Code: COMP-PC $11.59 each # Code: PC-POWER $11.59 each # Code: PC-ADD-HP $11.59 each # Code: PC-PROF $11.59 each # Code: PC-PERFORM $11.59 each # Code: PC-REPAIR $11.59 each # Code: PC-XERO $11.59 each # Code: PC-DVD $11.59 each # Code: PC-MASTER $11.59
