While everyone is in a bit of a jumble this week with the results of the midterm election, crypto has one thing going for it right now: The bitcoin price is rising. On Monday, the price hit a new all-time high of \$8,725. Though market watchers will point to any number of factors that contributed to bitcoin's record rally, one of the big reasons is the election of Donald Trump. He promised a "huge tax cut for the middle class," a "much tougher" approach to China, and promised to nominate a "stable of brilliant" financial regulators to the economic post-G20 structure. But it was last week's budget that might have been the real tipping point in BTC-USD's price. This isn't the first time a politician has

They also have people who just can't accept that guns don't kill people, a gun is a tool. Those people can claim all they want that there are not that many incidents that show a gun as a killing device. That is a fact. I've met people just like that, and I've handled them with the courtesy and professional standard that I would hope for them. My response to a typical gun owner in this regard is don't expect someone from New York City to understand your values and your actions. I can't speak for your city, but in mine we put the safety of the public first with the most important fact being that guns kill. You 3e33713323
